6. Consumption of alcohol is limited to campgrounds only. **No alcohol is allowed on Fairgrounds or in Livestock Barns.**

Judges and Judging

7. The judge's decision will be final in all cases. Judges shall report to the superintendent any exhibitor who interferes with the judging. In case of any interference, the superintendent may demand a proper apology or withhold any premium previously awarded and exclude any further entries by such an exhibitor in classes yet to be judged.
8. The management will not be liable for errors of committees or clerks in placing premium cards. All awards will be made as shown by the clerk's books

Protests

9. **ALL PROTESTS OF ANY NATURE MUST BE IN WRITING AND FILED WITH SUPERINTENDENT** of the department from which the complaint arises before the end of the fair. Such complaints will be given consideration by superintendent and 4-H Committee.

Youth Division

Should general and specific rules conflict, specific rules will govern. Any violation of listed rules and regulations will be sufficient reason for forfeiting all privileges and premiums.

10. The Iowa County Fair management will exercise all possible care to insure the safety of animals and articles exhibited by 4-H'ers during the show, but under no circumstances will they be responsible for any loss, injury, or damage.
11. **Exhibitor Conduct:** Exhibitors are expected to be cooperative, courteous, and be good 4-H and FFA representatives in the show ring, barns, and exhibit hall. They are also expected to treat their animals in a humane manner. Discipline problems can cancel premium money earned.
12. ALL livestock exhibits must be checked in by 8 p.m., Wednesday, July 13. Exhibitors of livestock will be required to keep their stalls open from 9:00 a.m. to 9:00 p.m. for the duration of the Fair and must place their name and name of particular breed to which each animal belongs, in a conspicuous place on their respective stall or pen, on a card available at the 4-H office.
13. All exhibitors Family & Consumer Sciences, and Science, Engineering and Expressive Arts will check in on Saturday, July 9. They will be judged by club that day. Exhibitors must wear a 4-H or FFA T-shirt on judging day.
14. For the safety of all, only exhibitors, only immediate family and 4-H Club leaders can handle livestock.
15. **NO exhibits are allowed to leave Zentmire Hall before 6:00 p.m. on Sunday, July 17. NO livestock exhibits will leave the fairgrounds before 6:00 p.m. on Sunday, July 17. Exhibitors requiring late entry or leaving before 6:00 p.m. on Sunday, July 17 must submit a written request to the Extension Office by July 1st. Requests for early dismissal of any exhibit to attend other shows is highly discouraged.** All written requests will be reviewed by the 4-H Committee and written permission granted or denied. Violation of this ruling will result in the forfeiture of all premiums and awards and exclusion from exhibiting the following year.
16. Livestock exhibits will unload by their respective barns (beef by the beef barn, swine by the swine barn, etc.)
17. All exhibits must be removed from the Fairgrounds by 12: 00 Noon, Monday, July 18.

Ownership Requirements

18. With the following exceptions, all animals and birds **must be owned by the 4-H'er, or in partnership with a family member, and identified to an individual 4-H'er.** When registration papers are involved (e.g. purebred beef heifer, dairy goats, etc) the papers must be in the 4-H'ers name or show a logical family relationship.
19. **Exceptions to ownership:** In classes where the primary emphasis of evaluation is the skill level of the 4-H'er (e.g. horse classes with the exception of halter, and dog obedience classes when the 4-H'er is the trainer) ownership of the animal is not required; however, the 4-H'er should take an active role in the care of the animal. Animals in this category still must be identified on the appropriate form.
20. **Exception to individual identification:** If a family includes more 4-H'ers than horses, more than one 4-H'er may identify a horse; however, in this situation a 4-H'er cannot identify more than one horse.

Eligibility of Exhibitors

21. **Grade Divisions for Exhibitors:**
Cloverbuds --- Under Grade 4
Junior --- Grades 4-6
Intermediate --- Grades 7-8
Senior --- Grades 9-12
22. **Cloverbuds** can show exhibits in Family & Consumer Sciences and S.E.E. departments **ONLY. NO** pets or livestock. Cloverbuds will talk with the judge and receive a participation ribbon.
23. **Eligibility of BOTH 4-H and FFA members ends the summer after graduation.**
24. In the case of judging contests, any school training above that of high school rank will make the members ineligible for county competition.
25. **A 4-H member must have completed grade 5-12 (or that equivalent) to exhibit at the Iowa State Fair in S.E.E., Family & Consumer Sciences, and Livestock.**

Set-up and Clean-up

26. 4-H Clubs and FFA Chapters that do not assist with set-up and clean-up will forfeit premiums.
27. When you are scheduled for clean-up of various sites during the fair, you must report to the 4-H office to be marked off the schedule. Grounds clean-up people can pick up a garbage bag at the 4-H office when they check in.

28. Stall Clean-Up – Each club member is responsible for cleaning his or her assigned stall at the close of the fair. The club designated for clean-up will complete final cleaning for the assigned club area.
29. Stalls must be cleaned and all bedding put in the designated area(s). If pens/stalls are not cleaned, a \$50 fine will be assessed to the exhibitor. Fine must be paid to the **Iowa County Fair Board by August 1, 2011.** Violation of this ruling will result in the forfeiture of all premiums and exclusion from exhibiting the following year.

If a 4-H event is held in the tent, 4-H'ers are responsible for clean-up.

Iowa Youth Code of Ethics

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the code of ethics or allows another person (adult or peer) to talk them into violating the code of ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers, and shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only a licensed veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and

surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.

8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the premium book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.
11. I am responsible for my exhibit and I will not allow others to violate this code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this code of ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.
12. I want my exhibit to be an example of how to accept what life has to offer both, good and not so good, and how live with and learn from the outcome.
13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including but not limited to alcohol, tobacco or drug use.

9. Any artificial means of removing or remedying physical defects of conformation in animals exhibited will be considered as fraud and deception. No unnatural means of providing an animal feed, water, or other fluid (i.e. stomach pump, IV) will be allowed. All animals giving evidence of such treatment will be barred from exhibition at the Iowa County Fair and all fairs holding membership in the International Association of Fairs and Expositions.

12. Livestock exhibits will receive blue, red, or white premium ribbons. First and second place entries in each class will receive purple and lavender First Place and Second Place ribbons regardless of the premium ribbon received. When registration papers are involved (e.g. purebred beef heifer, dairy goats, etc.) the papers must be in the 4-H'ers name or show a logical family relationship.
15. **Exceptions to ownership:** In classes where the primary emphasis of evaluation is the skill level of the 4-H'er (e.g. horse classes with the exception of halter, and dog obedience classes when the 4-H'er is the

trainer) ownership of the animal is not required; however, the 4-H'er should take an active role in the care of the animal. Animals in this category still must be identified on the appropriate form.

- 16. Exception to individual identification:** If a family includes more 4-H'ers than horses, more than one 4-H'er may identify a horse; however, in this situation a 4-H'er cannot identify more than one horse.

- No advertising on clothing
- No hats/caps

SKILL SHEET: Design Building Blocks – The Elements & Principles

The **elements** of visual design (line, shape, texture, space, size, value and color) are like the wood, nails and concrete used to construct a house. An expert builder is very familiar with the materials of the trade. Good designers also need to become familiar with the elements of design – how to create them and when and how to use them.

If a builder constructed a house without understanding the basic principles of how the building materials should be assembled, the house would probably collapse! Similarly, in a project such as a poster, the elements of design need to be assembled using the knowledge of a group of design **principles**. That way, the design will be able to do its job of communicating a message.

(**Note:** Design reference materials may use different names for the elements and principles than those used here, but the ideas are generally the same.)

Visual design elements:

Line – Any mark, whether straight, dashed, dotted, curved or jagged, connecting two points

Shape – Anything with height or width

Texture – The smoothness or roughness of the paper used in printing or the illusion of a three-dimensional surface created by a photo or design

Space – The distance or area between or around things

Size – How big or small something is

Color – Wavelengths of light that are reflected back to the viewer's eye from objects

Value – The lightness or darkness of colors

Visual design principles:

Emphasis – Using the size, shape, color or texture of elements to show levels of importance

Rhythm – Using elements to create a direction for the eye to follow or to suggest a pattern of movement

Unity – Using elements that look like they belong with each other

Balance – Arranging elements so that they create a feeling of evenly distributed weight
